WAITING FOR WHO No.1

While waiting for the Doctor to return, act out scenes from the series and send us your pictures to the address on page 4! We'll print our favourites — like this one from Xenia and Aleksei Opacic being the Doctor and a Droid!

Did you know?

In *Doomsday*, the Daleks and Cybermen met each other for the first time! It has to be one of the greatest battles ever.

INVASION WARNING!

As you'll find out in this issue's feature about the early years of *Who*, many of old episodes of *Who* don't exist any more. However, using the original soundtrack, a classic Cyberman story called *The Invasion* has been remade using animation. It will be released on DVD later this year.

Brought to life: cool cartoon Cybermen!

Take me to your leader!

The actor who played the Cyber Leader in the last two episodes of the series was played by Paul Kasey. Busy Paul has played LOADS of monsters in *Doctor Who*! He has been an Auton, a Slitheen, a tree person, an android, a Clockwork Droid, an Ood, the Hoix — and all types of Cyberman! What a monster!

Find out what happens when the Doctor and Rose arrive on a planet that can't possibly exist in our incredible guide to...

THE IMPOSSIBLE PLANET

Odd Ood... seriously weird aliens!

WHAT'S IT ALL ABOUT?

The Doctor and Rose arrive on a base in the far future on a planet that shouldn't exist. It's impossible. But it's more mysterious and scary than that – what are the alien Ood up to? Who is behind the strange voice and weird writing? What's waiting to break free?

1 THE OOD

The Ood work for the humans on Sanctuary Base Six. They all look exactly the same and talk through special devices using thought. But something is happening to them – something called the Beast is playing with their minds.

WELCOME TO BLACK HOLE K37 GEM 5...

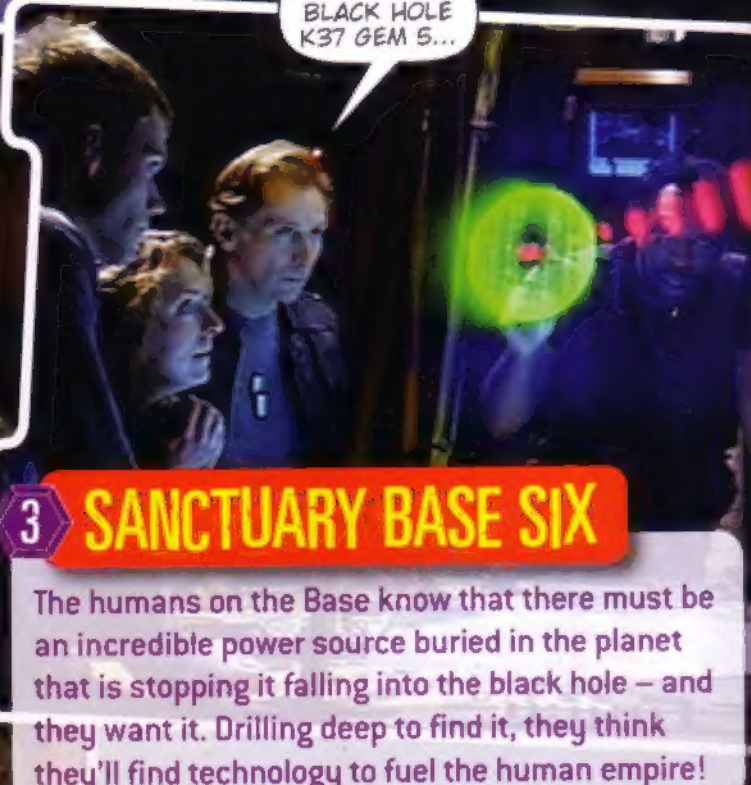

Never mess with a black hole...

2 THE BLACK HOLE

A black hole is a star that has collapsed. Its gravity is so strong that even light gets sucked in – that's why it's so black. It's impossible for a planet to orbit a sun that's become a black hole. Something's wrong...

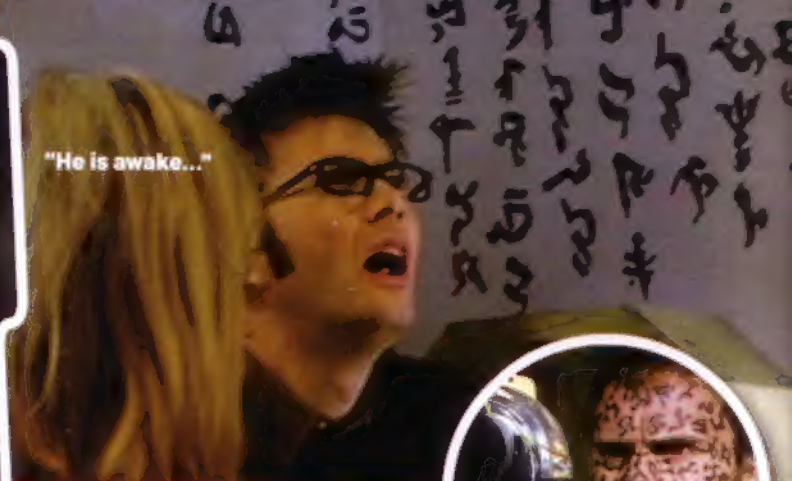

3 SANCTUARY BASE SIX

The humans on the Base know that there must be an incredible power source buried in the planet that is stopping it falling into the black hole – and they want it. Drilling deep to find it, they think they'll find technology to fuel the human empire!

"He is awake..."

4 WEIRD MESSAGES

Fragments of alien lettering, spooky voices, Rose's phone misbehaving, and an Ood that says odd things! Something is trying to send a message – but what does it mean? Who is sending the messages? And what has possessed Toby? Help!

5 INSIDE THE PLANET

The Doctor and one of the crew go down into the heart of the planet. But what they find is even more mysterious – an chamber containing the remains of an ancient civilization.

6 THE BEAST AWAKES

With the Doctor trapped inside the planet and Rose menaced by the Ood, something is waking up. It calls itself the Beast among other things – can it be that the Devil himself is waking?

THESE ARE THE WORDS THAT SHALL SET HIM FREE!

Next episode

What will happen when the Pit is open and the Beast is free? Find out in the next episode – The Satan Pit!

THE STORY OF
DOCTOR • WHO

THE BEGINNING

We all know WHO is the best show on TV, but do you know the story of how it began?

WHEN DID IT START?

When the first Doctor was introduced in 1963, the show was a huge success. It was the first British science fiction series to be broadcast in colour. The show has since become a global phenomenon, with a dedicated fan base and a long history of successful spin-offs.

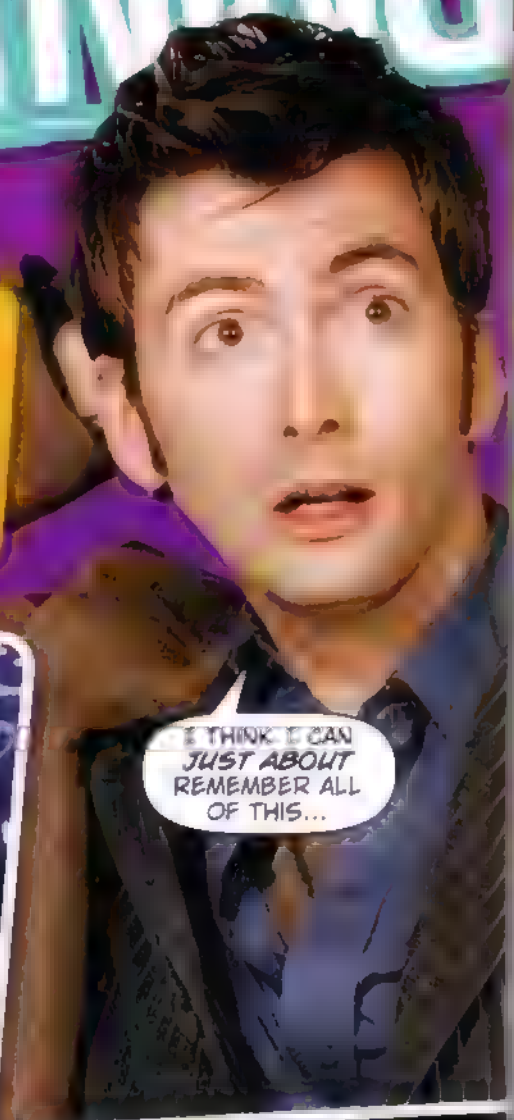

SUSAN

Schoolgirl
Worried

She followed her home one night so they could talk to her mysterious grandfather.

I THINK I CAN JUST ABOUT REMEMBER ALL OF THIS...

DOCTOR WHO?

Susan's grandfather was called the Doctor. He was a grumpy old man - who lived in a police box that

The first Doctor - shook up his world!

KIDNAPPED

Worried that the two teachers would tell people about his ship, the Doctor decided to take them with him. ... but he is good at flying the TARDIS

THE DOCTOR

Unbelievably, he's the same man we know today!

Another teacher.
Good at history.

One of Susan's teachers. Brave and sensible.

The Doctor's granddaughter. They used to travel

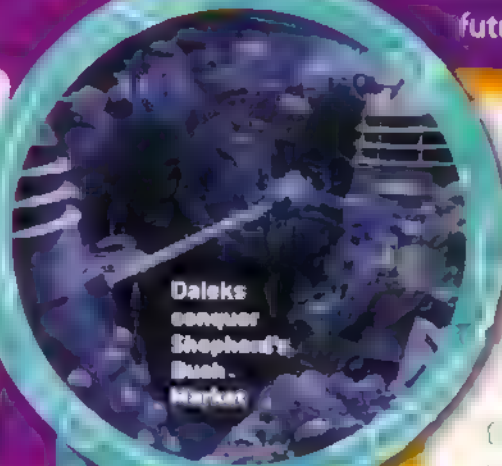

Enter the DALEKS!

The very first Dalek story

Having escaped the tribe, the TARDIS landed on the planet Skaro. It was here, in the second story, that viewers met the Daleks for the first time. With the arrival of such monsters, *Doctor Who's* future was safe!

SATURDAY FRIGHTS!

The series was created to fill a gap in the television schedules – and it wasn't long before children couldn't wait until Saturday's new episode.

Although scarier than anything seen on television, the Daleks were so popular that

Christmas the Daleks everywhere

LOST

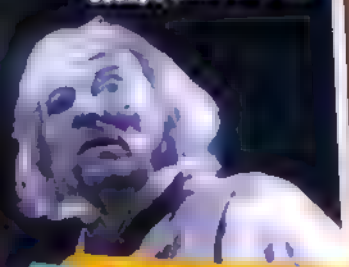

Today you can watch *Doctor Who* on television, catch repeats on BBC THREE, watch DVDs – you can even download TARDISODES to your mobile. But in the 1960s, when the series was made in black and white, each episode was shown once – and once only! As the old-fashioned film reels took up a lot of space, many of these episodes were binned. Oh no!

You could buy Dalek records, Dalek board games, Dalek slide shows, Dalek jigsaws... Dalek everything. And in 1965 the Daleks returned to *Doctor Who* – to invade the Earth!

1965

The TARDIS crew escape from the tribe

FIRST TRIP

The TARDIS took the time travellers back in time millions of years – and they had to fight a tribe who had lost the secret of fire!

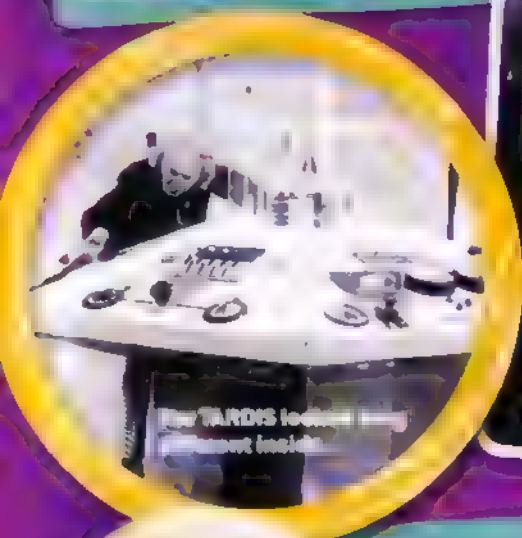

THE STORY OF
DOCTOR WHO

THEN and NOW!

Although Doctor Who is quite different these days, the original had many similar ingredients...

THE TARDIS

The TARDIS is a time machine and space lander. It's the Doctor's home and his only way of travelling. It's a big, old, wooden box with a red console inside. It's the most famous piece of Doctor Who furniture.

The TARDIS looking like a different inside.

...but the outside was the familiar police box

THE DOCTOR

In his tenth body, the Doctor is much younger and wears a trendy striped suit. Although he gets angry sometimes, he is the friendliest, funniest man you could meet...

THE MUSIC

The distinctive Doctor Who theme was created by Delia Derbyshire, who the BBC employed to create weird and wonderful sounds – it was seen as quite a scary piece of music!

ALL TOGETHER NOW... DUM DE DUM, DUM DE DUM, DUM DE DUM, DUM DE DUM, DUM DE DUM, DUM DE DUM...

WAAAAAH-OOOOOOOOO!

Delia at work

DID YOU KNOW?

The sound of the TARDIS appearing and disappearing is the same today as it was in the first episode. It's the sound of a key scraping against piano strings!

THE STORIES

Originally, episodes were a lot shorter and split over several weeks – sometimes you had to wait 12 weeks to find out what would happen! Today most series are one longer episode.

The story of Doctor Who continues next issue..

File: 09 CYBER CONTROLLER

Watch out for this steel psycho!

WHO IS HE?

This **metal maniac** is the leader of the Cybermen, the **brains** behind all the metal masks and definitely the worst of the lot! Make a note: you should **avoid** him at all costs!

BUT WHO IS HE REALLY?

The Cyber Controller was once a **sick millionaire** called **John Lumic** on a parallel Earth. He created the Cybermen in this other world and in return they **upgraded** him to Cyber Controller to keep him alive.

THE CYBER PLAN

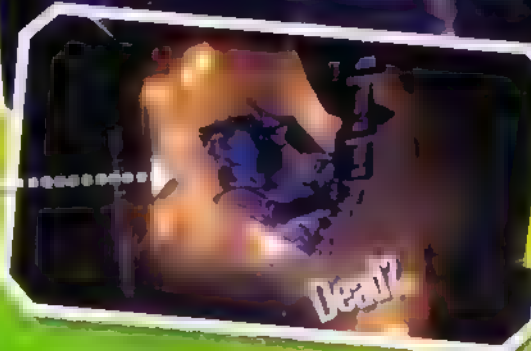

Loony Lumic had more money than sense. He wanted the Cybermen to upgrade the **entire human race** into metal giants to create his terrifying **Cyber army**. Yikes!

HOW TO SPOT HIM

The Cyber Controller stands out from normal Cybermen – he sits on a **huge throne**, his eyes glow a **chilling blue** and you can see his **slimy brain**. Yuck!

SCRAP METAL?

This metal monster was last seen falling to his **doom** from a zeppelin. But have we really seen the last of him? Let's hope he doesn't come **back from beyond the grave**!

possessed their alien servants
the Dod and took over the body
of Toby Zed. Through them, the

MISSION IMPOSSIBLE!

Extra info

The manager of the quarry where they filmed the alien planet has "000" in his car's number plate.

The Doctor Who Confidential Team share the secrets of The Impossible Planet.

THE SET

With all those corridors, the Sanctuary Base Six set was massive, wasn't it? Wrong! One corridor was built and cleverly filmed to look different every time. It also ended up being part of the Totally Doctor Who set!

MONSTER MATES

The fleshy-faced Ood were originally going to come from the Slitheen's home planet, Raxacoricofallapatorius. But would they have been friends or foes, we wonder?

THE STORY

Rose and the Doctor have been in some pretty tight situations before but this takes the biscuit! The TARDIS has landed in a space station slap-bang next to a black hole. The fact that it hasn't been sucked in yet is a mystery, as is what lurks at the bottom of the dangerous Pit. The Doctor can't wait to investigate!

SPACE SUITS

The production team looked into hiring real space suits from NASA, but it was too expensive so they hired fancy dress costumes instead. Could you tell?

"Have I got something on my face?"

EXTRA

DOWN INTO THE DEPTHS?

The Doctor and Ida supposedly have to travel down ten miles to get to the bottom of the Pit. Actually, the cable they travelled down was only ten metres long!

Extra info

The planet the space station is built on is called Krop Ton, which means bitter pill.

MARK OF THE BEAST

The strange marks that appear on Toby's face and hands when the Beast summons him are called RUNES, an ancient alphabet that is even older than the TARDIS. Freaky!

Actor Will Thorp hopes the make-up comes off

BLIND OOD

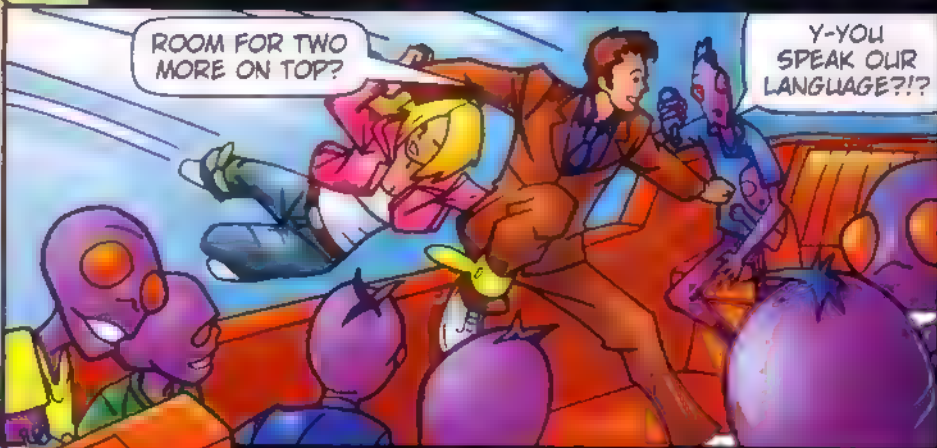

All the actors who played the Ood had to act blind as the eyes on their Ood masks weren't in the same place as their own eyes.

I CAN'T SEE A THING IN HERE!

NEXT ISSUE:
WE LOOK AT
THE MAKING OF
THE SATAN PIT

IT'S ALRIGHT, ROSE! IF I CAN JUST REACH FAR ENOUGH INSIDE ITS NASAL CAVITY, GIVE IT A LITTLE TICKLE...

IT'S AN OLD REPTILIAN DIALECT. I WAS SAYING, "FOLLOW ME FOR PIZZA..."

PIZZA?

THAT'S DINOSAURS FOR YOU. BRAINS THE SIZE OF A PEA, MAD FOR NAPOLI SAUCE...

THESE CREATURES HAVE BEEN STARVED OF PROPER FOOD, AND THOSE COLONISTS DESERVE A DECENT LIFE. I SAY - THIS HOVERBUS HAS GOTTA BE PRETTY TOUGH, TO WITHSTAND DINOSAUR ATTACK...

DOCTOR, LOOK OUT!

POOF! BOOM!

...IT'S JUST GOTTA BE STRONGER THAN THESE GATES!

SMASHH!!

ROOOARRR!

THE DINOSAURS ARE FREE!

CRASHH!!

RUN! RUN! EVACUATE THE COMPOUND!

...THERE THEY GO. RECKON THERE WON'T BE ANY MORE VISITORS HERE. WUMBA'S WORLD OF WILD HAS GONE BACK TO NATURE NOW!

WHAT ABOUT YOU GUYS? WHAT WILL YOU DO?

THANKS FOR THE OFFER TO TAKE US OFF-WORLD, BUT WE CAN STILL MAKE A GO OF IT HERE. OKAY, SO THE PLACE IS STILL CRAWLING WITH DINOSAURS...

BUT IT'S SUCH A BEAUTIFUL PLANET, THERE'S NOWHERE ELSE LIKE IT!

IF YOU CHANGE YOUR MINDS, THEN USE THIS CARD. IT'S FOR A FIRM OF TELEPATHIC TAXIS...

JUST THINK "0707 GET ME OUT OF HERE". THEY'LL FIND YOU IN THE END!

THE FUTURE, ADAM?

THE FUTURE, STEVE!

A vibrant anime-style promotional poster for the TV show 'Naruto'. The central figure is Naruto Uzumaki, depicted with his signature spiky blonde hair and a wide, enthusiastic grin, wearing his orange jumpsuit and a grey forehead protector with the Konoha symbol. He is surrounded by other characters: Sakura Haruno with her pink hair and green eyes is on the left, and Sasuke Uchiha with his black hair and Sharingan eye is on the right. The background is a fiery orange and yellow, suggesting a battle or intense action. The title 'NARUTO' is written in large, bold, orange and yellow letters with a blue outline, set against a backdrop of stylized blue and white clouds.
